

# HEATING ELEMENTS

MADE IN IRELAND  
FOR ANY APPLICATION

## AND EVERY INDUSTRY

**WE ARE IRELAND'S ONE-STOP-SHOP FOR ELECTRIC HEATING ELEMENTS.**

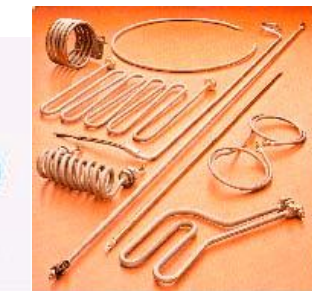

At **ELEMEX**, our business is heating elements. We can supply any type of element, from a 5Watt sub-miniature peltier heater to a 3000KW gas line heater, and everything in between.

We have Quality Certification ISO9001:2000, and all products are CE marked.

We have elements for water heating, for sterilizers, autoclaves, dip tanks, acid baths, & oil vessels, for air ducts and gas lines, ovens and commercial cookers, fryers & griddles, infra red emitters, trace heating, hot air tools, sealing irons, kilns & furnaces, bain marie's, space heating, process heating, and anything else you can think of. As well as all this we offer temperature control systems to go with all of our elements.

We offer a breakdown service, with only a few days turnaround time, (sometimes only a few hours). We have standard products, but also design and make to order, and are happy to make one off items. We can also repair or refurbish old or obsolete heaters, saving you time and money.

**Contact us for all your heating requirements. You won't be disappointed.**

## PRODUCT CATEGORIES

- Anti condensation heaters
- Band heaters
- Cable heaters
- Cartridge heaters
- Cast aluminium heaters and coolers
- Catering appliance spares
- Ceramic core elements
- Ceramic fibre heaters & emitters
- Coil heaters
- Control panels
- Domestic appliance spares
- Domestic immersion heaters
- Drum and pail heaters
- Drum heating and process ovens
- Duct heaters for air and gases
- Electronic control components
- Element repairs
- Flexible surface heating mats
- Formed rod elements
- Furnace elements
- Furnace elements
- Hand held thermometers
- Hazardous area heating & control products
- Heated hoses
- High temperature cables etc.
- High temperature insulation jackets
- High temperature insulation materials
- Hot air tools and blowers
- Hot plates & heated tables
- IBC heaters
- In line high power air heaters
- Industrial immersion heaters
- Industrial space heaters
- Industrial steam & water boilers
- Industrial water heaters
- Infra red emitters
- Infra red thermometers
- Kiln & furnace furniture
- Line heaters
- Outflow heaters
- Packaging machine spares
- Portable immersion heaters
- Power control equipment
- PTFE coating service
- Resistance coils, wires, & ribbons
- Rod elements
- Skid mounted heating systems
- Special one-off designs
- Strip, ring, and plate heaters
- Submersible immersion heaters
- Submersible teflon heaters
- Temperature control equipment
- Thermal cutting and sealing equipment
- Thermocouples, RTD's and accessories
- Thermostats and thermal control devices
- Trace heating
- Vat heaters
